Schedule Notes:

- Unscheduled time may be used for networking within the Bank, meeting with your mentor, or pursuing your own work.
- Please be at the bank by the scheduled “Arrival at the Bank” time. We encourage you to stay until 5pm to maximize the time for feedback and networking when possible. On the last day, we aim to wrap up by 3pm to allow for extra travel time.
- There will be a communal room available to PFMAP Mentees to work, store items, etc., when not otherwise engaged in activities.
- There is not a strict dress code at the Bank. However, the most common attire is business casual.

Mentee Paper Presentation Guidelines

- Prepare a 45-50 minute presentation on your primary paper (i.e., the paper you would most like to get feedback on). The remainder of the hour will be Q&A.
- Send the paper to the PFMAP organizers by Monday, September 9 for distribution to your mentors. It is not expected that your paper be complete or polished; the primary purpose of this is to allow your mentor to delve into your work a bit in advance of your presentation.
